

Baseball Fans Display Great Meet Interest

Interest in the meeting to be held Friday night in the council chamber of the city hall to elect three directors for the San Mateo Blues baseball club is gaining mention and the chances are that the meeting will be well attended.

City Manager E. P. Wiley, who is sincerely interested in baseball progress in San Mateo would have been among those present, but previous engagements have interfered with his good intention.

However Mr. Wiley kindly made arrangements for the use of the council chambers, and expressed the hope that the meeting would prove a big success. He also expressed the hope that San Mateo would win the pennant in the California State league and expressed himself very favorably impressed with the young men who make up the San Mateo baseball club.

That the name of Gene Camozzi may be submitted as a possible director for the San Mateo ball club was indicated long B street last night.

Camozzi, it is understood, has included a brilliant baseball career and has retired from active participation in the game. It is said that Gene's health will not permit of the strenuous exertion required of a pitcher.

If Gene has actually retired from the game many of the fans are in favor of holding a Camozzi day during the second half of the pennant race so that they can show their appreciation of the great work Camozzi has done for baseball in San Mateo.

Of course, Gene has not officially retired, but there is ground for the belief that he is through with pitching.

PLENTY OF BASEBALL ON. TAP TODAY

Midwinter League Teams Will Stage Fast Contests in Both Sections.

TODAY the local baseball fan will have the pleasure of witnessing the full schedule of the San Francisco Mid Winter League instead of the game between Herbie Hunter's all-stars and a picked squad from the winter circuit.

Most of the interest will be centered in Recreation Park with the J. H. Newbauer and the Granal Bros. attraction. These clubs are two of the strongest in the American division, occupying the first and third positions, respectively. Getting off to a bad start the Jewellers have made great headway the last half of the race and are now being considered as a possible pennant winner. Their success is mainly due to the great work of Gene Camozzi in the box.

"Say," remarked Brown, as a sort of aftermath, "didja ever contemplate that boy Camozzi we have with us. He's only got one M in his name, but if you look that M up in Roman numerals, you'll find it stands for a thousand."

"Well, 'at's jes' what that Camozzi is. He's there a thousand, and to-morrow afternoon he'll be there a thousand and one, and that extra one will prove one too many for the boys from Burlingame," chuckled the savant of B street, while he lighted a 40-cent cheroot.

Olympic Club To Have Strong Nine This Year

Pitching Department Well Fortified With Camozzi, Ludolph, Marrow, Gieger.

WHEN the Olympic Club's baseball aggregation tackles the Stanford nine tomorrow afternoon at Palo Alto the Cardinals will be facing the strongest group of ball tossers that ever represented the Winged "O." Earl Larkin, who is managing the club team this season, has gathered together the very best that could be had. The various colleges won't find the Olympians an easy mark by any means this year. Larkin has arranged an active schedule which includes games with all the local colleges and three Pacific Coast League ball clubs.

Camozzi in Form Allows Three Blows

The club is probably the best fortified in his hurling staff. With Gene Camozzi, "Wee Wee" Willie Ludolph, Mike Marrow and Al Gieger doing the mound duty, they present as nifty an array of slab artists as are possessed by the best semi-pro outfields on the coast. Behind the bat they will have "Crip" Toomey, first string backstop of the University of California's 1922 bunch, and Joe Dooley. Allie Burns

will take care of first base. Besides being a hitter of extraordinary ability, he can field with the best of them. Pete Starinich will ed around the keystone sack. Ed Handley is to play third base with "Hip" Harrigan at shortstop. These two goods are well known to the local fans and have been setting the local midwinter League afire. Tom Kelly will romp in left field, with Caesar Manelli, former Santa Clara star and property of the Oakland Baseball Club, in center. Bud McHenry, a member of last season's California outfit, will play in right. Among those that will join the squad later in the season are Eddie Benn, infielder; George Malone, outfielder; Walter Kroll, Les Anfinson and Sam Markowitz.

Following the Stanford game the Olympics will meet the Santa Clara College warriors at Santa Clara. It is probable that a return contest will be played here with the Mission. The first game of the two-game series will take place on February 25.

Two-game series have also been arranged with University of California. St. Mary's and a number of fast club teams.

Manager Larkin will take his charges to Stockton some time in the spring to play against the Fort-Land club. They will also cross bats with Seattle at San Jose.

The following players will be in the game against Harry Wolter's Cardinals tomorrow: McHenry, right field; C. Manelli, left field; "Hip" Harrigan, shortstop; Tom Kelly, center field; Ed Handley, third base; Starinich, second base; A. Burns, first base; Crip Toomey, catcher, and Mike Marrow, pitcher.
