San Mateo Wins From J. E. Doans

San Mateo took the third game of the series from the J. E. Doans of Stockton yesterday on the peninsula diamond overwhelming them 11 to 9. Juan Camozzi was impressive in the pinches while "Dogg" Farrell was hit hard throughout. All of the Blues' butlers had their hitting clothes on, led by Garin Hunter, who gathered three, Bert-ran and "Pat" Chester each banged out triples and "Speed" Casey galloped around the bases for a homer inside the grounds.

The fact that the "P's" had only two hits to their credit when the fifth paragraph rolled around proves that Camozzi, the vermouth, tamer, was doing more than his share to win the game. And the fact that the "Blues" leaders had hung up a blazing quarter of thinsabobles during the same space of time also proved that Charlie Hunter has also been doing his best to make the congregation talk about them.

Camozzi pitched one against the Grand stand the opening inning, but he's got a leg to do that once in a while. He just wanted to show some of the Burnizime fans how far he could throw it.

Frank Sears announced this morning that he had signed Gene Cammezz. Gene was with the Blues for a while but he was released. Now he declares he is coming back to the Blues. Sears intends to start him the first game of the second half. If Gene is in fact

We have a young left-hander in our midst who has achieved a winning way. He is a young pitcher who defeated the fast marines of Mars Island by a score of 4 to 2.
